Dezvoltarea caliților de lider ale femeilor în societate -FEMEIA STAR

Proiect Finanțat de Comisia Europeană prin ANPCDEFP,

Programul de Învățare pe Tot Parcursul Vieții, LLP Grundtvig Learning Partnership

Sarcinile partenerilor sunt:

- Selectarea participantilor si organizarea de mobilitati internationale;
- Organizarea activitatilor de instruire, seminarii si ateliare ;
- Cercetare cu privire la calitatea de lider si situatia femeilor din propria tara;
- Elaborarea si punerea la dispozitia partenerilor a documentelor respective;
- Sustinerea web-site cu materiale proprii privind articole de cercetare in domeniul respectiv;
- Contributia la evaluarea activitatilor proiectului;
- Diseminarea rezultatelor si experientelor cu privire la activitatile desfasurate;
- Stabilirea contactului cu departamentele universitatilor in care se desfasoara programe de leadership;
- Sa gazduiasca participantii la proiect organizand sedinte, ateliere si excursii culturale pe parcursul intalnirilor de proiect si a atelierelor;
- Organizarea mobilitatilor in alte tari respectand procedurile de mobilitate(cel putin 3 cursanti din partea fiecarui partener trebuie sa participe la prezentarea finala din Turcia);

Fiecare institutie participantă va desemna o persoana pentru a superviza realizarea proiectului in propria tara. Partenerii proiectului vor lua legatura ori de cate ori va fi nevoie, in primul rand prin e-mail iar cand este nevoie prin posta, telefon, fax.

La intalnirile de proiect, toate publicatiile cu privire la activitatile desfasurate in cadrul proiectului vor fi discutate. La inceputul proiectului va fi dezvoltat un plan de evaluare, se vor pregatite rapoarte scurte de evaluare pentru fiecare intalnire in idea de a face schimb de cunoștiinte si experienta si pe plan managerial. La sfarsitul proiectului va fi scris deasemenea un raport de evaluare. Fiecare partener va inregistra video seminariile si le va furniza participantilor informatii si fotocopii coordonatorului de proiect.

Fiecare partener va aduce o brosura pe care o publica pentru a anunta programul. Fiecare partener va realiza un chestionar pentru a masura eficacitatea seminariilor si a prezentarilor organizate in propriile institutii ; vom obtine feedback de la participanti prin intermediul interviurilor pentru a afla daca programul propus vine in intampinarea nevoilor lor.

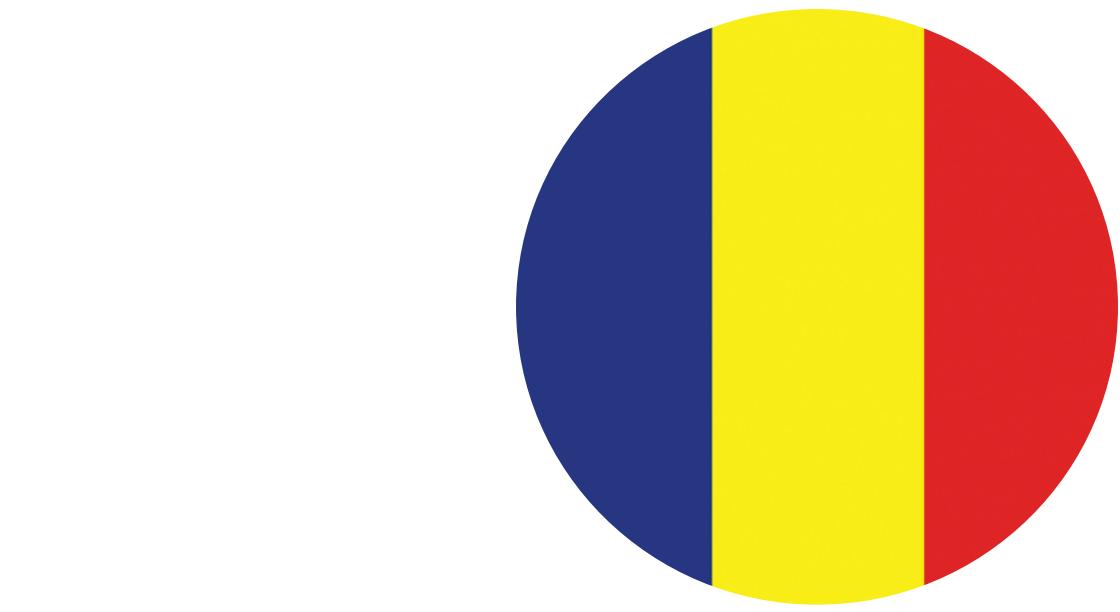

Participantii vor avea de indeplinit anumite sarcini pentru a vedea daca obiectivele proiectului au fost realizate. Oricum, rezultatele vor fi observate in societate pe termen lung in felul acesta vazandu-se daca participantii la cursuri aplică in viata ceea ce au invatat. Femeile vor participa la activitatile de mobilitate insusindu-si noile cunostinte si experiente. In plus, vor intalni alte femei lider candidate din alte tari ale Uniunii Europene si isi vor impartasi ideile.

In cadrul proiectului, web-site-ul va fi folosit pentru a da informatii cu privire la dezvoltarea statutului femeilor pînă tîndeni în lume, din America și Europa și Asia. De asemenea, internetul va fi folosit pentru a le da participatorilor sansa de a păstra legătura între ei și de a cunoaște alte femei lider. Partenerii își vor da informații unui altora în permanentă. De asemenea, pot crea un forum pentru a discuta problemele care apar în viațile femeilor lider.

Prin intermediul internetului toate organizațiile participante îi vor putea susține pe participanți să păstreze legătura. În comunitatea locală se așteaptă că proiectul să atragă atenția multor personae. Primaria, Centrele Educationale, scolile și universitățile vor realiza necesitatea ca și femeile să cetățeni foarte importanți și pot ajuta la atingerea idealurilor propuse dacă li se va da această sansa.

Cei care au assimilat cunoștințe vor încerca să transmită aceste informații și celorlalți, în felul acesta, întreaga comunitate va fi conștientizată că toți oamenii sunt egali și anumite calități nu depind de sex, rasa, etnie, etc., ci sunt în raport cu trăsăturile intelectuale și emotionale ale fiecarei persoane.

Prin urmare, este novoie de anumite calități pentru a fi lideri. Aceasta idee va fi transmisa societății și se va încerca schimbarea viziunii cu privire la statutul femeii. Se încearcă să atragă atenția că femeile nu sunt doar persoane care trebuie să pregătească masa, să aibă grijă de copii, să se ocupe de gospodarie etc. dar pot fi și cetățeni activi în societate. Trebuie acordată egalitate de sanse femeilor și bărbaților pentru toate tipurile de activități din societate.

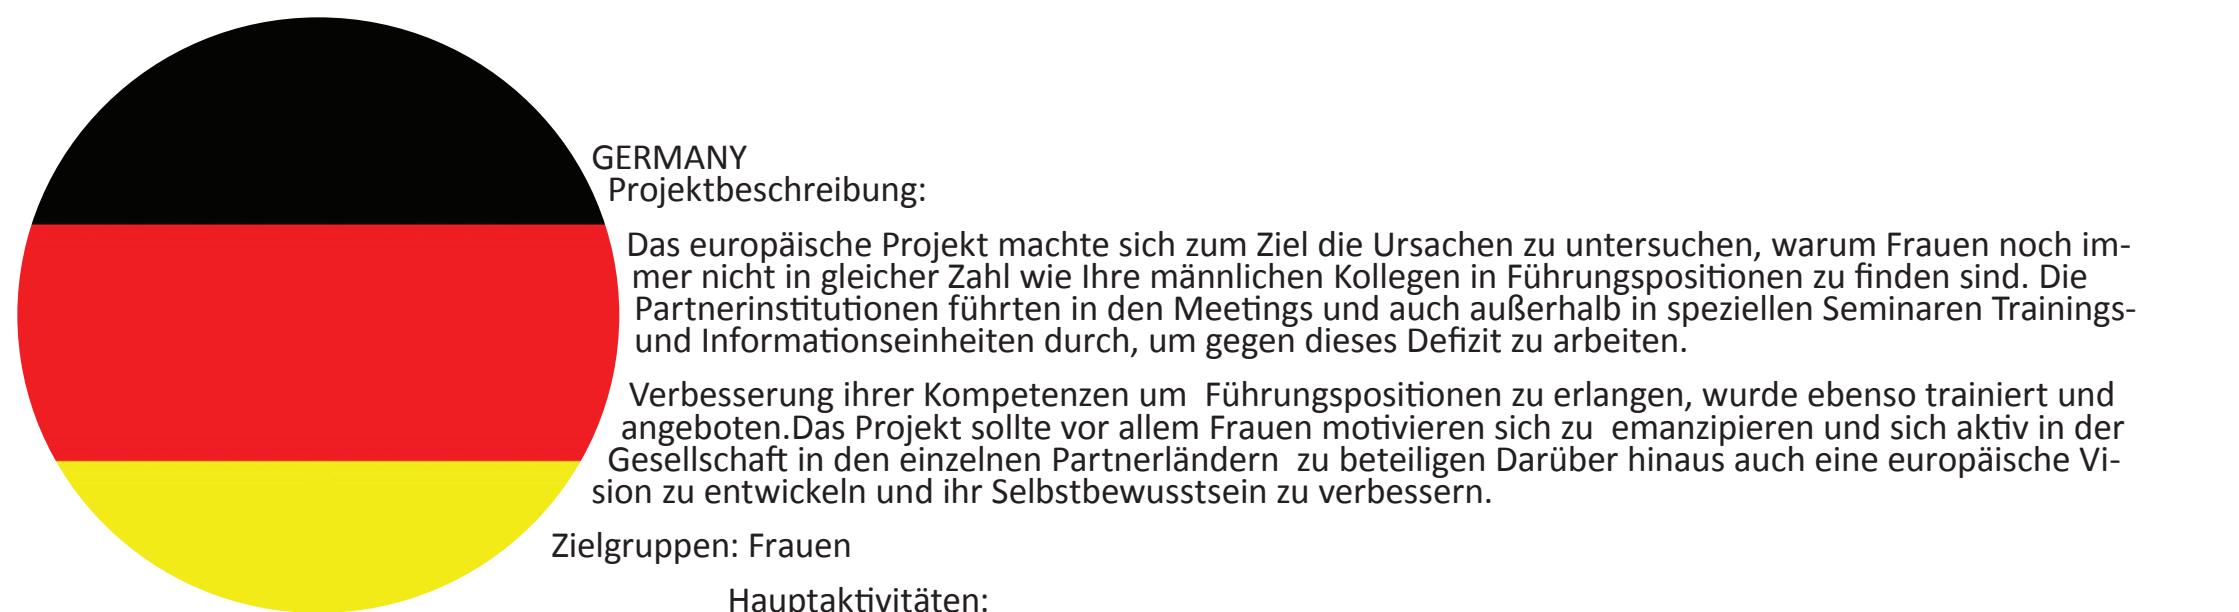

În completare la cele prezentate vom disemina și folosi rezultatele în cadrul instituției prin intermediul lecțiilor, programelor de pregătire, internetului. Se dorește că fiecare partener să realizeze programe de pregătire pentru femeile din propria țară chiar și după finalizarea proiectului.

Fiecare partener va stabili contactul cu organizațiile de femei din propria regiune oferindu-le participare la cursurile organizate. În plus fiecare partener va încerca să anunțe seminariile și cursurile prin televiziunea locală și radio.

Fiecare partener va publica mici broșuri despre programe și va trimite aceste broșuri organizațiilor de femei din regiune. Realizând mai multe mobilități există posibilitatea că mai multe femei dezavantajate să intre în contact cu femei lider, în felul acesta largindu-se orizonturile.

La finalizarea acestui proiect partenerii vor încerca să-l continue asemănător proiectului Grundtvic 1 pentru a studia și compara ce reprezintă obstacol pentru femeile lider din țările UE. Dacă vom avea posibilitatea se va încerca organizarea unui simpozion internațional despre acest subiect.

GERMANY

Projektbeschreibung:

Das europäische Projekt machte sich zum Ziel die Ursachen zu untersuchen, warum Frauen noch immer nicht in gleicher Zahl wie Ihre männlichen Kollegen in Führungspositionen zu finden sind. Die Partnerinstitutionen führten in den Meetings und auch außerhalb in speziellen Seminaren Trainings- und Informationseinheiten durch, um gegen dieses Defizit zu arbeiten.

Verbesserung ihrer Kompetenzen um Führungspositionen zu erlangen, wurde ebenso trainiert und angeboten. Das Projekt sollte vor allem Frauen motivieren sich zu emanzipieren und sich aktiv in der Gesellschaft in den einzelnen Partnerländern zu beteiligen. Darüber hinaus auch eine europäische Vision zu entwickeln und ihr Selbstbewusstsein zu verbessern.

Zielgruppen: Frauen

Hauptaktivitäten:

In Vorträgen und Präsentationen während der Meetings und auch außerhalb der Meetings, wurden Frauen unterstützt, motiviert und ermutigt Führungspositionen zu übernehmen und informiert und trainiert welche Eigenschaften und Fähigkeiten Sie hierfür benötigen. Während des deutschen Meetings wurden den Projektpartnern, deren Learner aber auch gleichzeitig

Studentinnen und Professorinnen der FH in Ansbach vier deutsche Fallbeispiele aus jeweils unterschiedlichen Bereichen, wie Kultur, Politik, Wirtschaft und Lehre, vorgestellt. Die Museumspädagogische Werkstatt informierte über die Berufliche Entwicklung und Gleichberechtigung der Frauen in Geschichte und Feminismus im Vergleich der verschiedenen Partnerländer.
